

PALLAVI VIJAY VHOLGADE

9730666439 pallavivhaldade@gmail.com Pune, Maharashtra, India

Summary

AI/ML graduate (2026) with hands-on experience in Python, Machine Learning, Generative AI, and Computer Vision, gained through internships and academic projects – including an LLM-powered interview prep tool using Groq and Sentence Transformers, and a computer vision safety system using TensorFlow/TFLite. Experienced in LLM integration, model training, and AI application development, with exposure to IBM watsonx.ai and IBM Cloud.

Technical Skills

Python, SQL, Pandas, NumPy, Scikit-learn, TensorFlow, TensorFlow Lite, Machine Learning, Generative AI, LLMs, Computer Vision, OpenCV, Google ML Kit, Image Processing, Sentence Transformers, Groq API, IBM watsonx.ai, IBM Cloud, Prompt Engineering, Chatbot Development, Django, Streamlit, Flutter, REST APIs, Git, GitHub

Experience

Data Science Intern

Jan 2026 – Jun 2026

Anyatam-Adhyayan Education Services Pvt. Ltd.

Onsite

- Completed hands-on training in Python for Data Science using Pandas, NumPy, Matplotlib, and Scikit-learn for data analysis and preprocessing.
- Built mini-projects involving classification and regression model training and evaluation, with foundational exposure to Generative AI and LLM applications.

AI Intern

Jul 2025 – Aug 2025

Edunet Foundation – IBM SkillsBuild Program

Remote

- Developed LearnMate, an agentic AI-based learning assistant that provided personalized course recommendations using IBM watsonx.ai and Granite foundation models.
- Worked with prompt design, AI workflows, basic model evaluation, and IBM Cloud services to build and test the solution in a cloud environment.

Jr. Python & Django Developer Intern

Jan 2025 – Feb 2025

Manasvi Tech Pvt. Ltd.

Onsite

- Developed and enhanced web application features using Python and Django, including user authentication and role-based access control.
- Performed debugging, testing, documentation, and maintenance while collaborating with team members to deliver assigned features.

Projects

Interview Prep Agent | Python, Generative AI, Groq LLM, Streamlit, Sentence Transformers

- Developed a Generative AI-powered interview preparation application that analyzes resumes and job descriptions to generate role-specific interview questions, answers, and personalized study plans.
- Implemented Resume-JD semantic matching using Sentence Transformers and cosine similarity to identify matching skills, missing skills, and preparation priorities.
- Integrated the Groq LLM API through a structured Python pipeline for requirement extraction, question generation, AI-based question review, grounded answer generation, and skill-gap analysis.
- Built and deployed an interactive Streamlit application with PDF/DOCX resume parsing, input/output validation, automated testing with Pytest, and downloadable interview preparation reports.

DriverGuard AI – Driver Drowsiness & Distraction Detection | Python, TensorFlow/TFLite, OpenCV, Flutter

- Developed an AI-based driver monitoring system using Python, TensorFlow, computer vision, and image processing to detect eye closure, yawning, head movement, and face visibility in real time.
- Trained and integrated a CNN-based deep learning model, achieving up to 96% validation accuracy for eye-state detection, and combined multiple facial signals for fatigue and distraction classification.
- Built an offline-capable on-device AI inference pipeline using camera frames, face detection, preprocessing, TensorFlow Lite inference, and rule-based risk evaluation for reliable real-time monitoring.
- Implemented voice alerts, emergency contacts, alert history, and repeated SMS escalation for prolonged eye closure, creating an end-to-end AI safety application from detection to automated response.

Education

Loknete Gopinathji Munde Institute of Engineering Education, Nashik

Nov 2022 – Jun 2026

Bachelor of Engineering – Artificial Intelligence and Machine Learning, CGPA: 7.56/10

Nashik, Maharashtra

S.P.D Surana Arts, Commerce and Science College, Chandwad

2020 – 2022

Higher Secondary Certificate, Percentage: 60.83%

Chandwad, Maharashtra

SNJB'S D.M.B English Medium School, Chandwad

2019 – 2020

Secondary School Certificate, Percentage: 87.80%

Chandwad, Maharashtra
